What is left to be done!

As today starts again I see that we have the huge task ahead of us in getting all the language together for each article that we just TA'd.

Currently verifying language on the following articles:
M&R: Art. 1, 3, 4, 5, 6, 7, 8, 11, 12, 25, 34, 36, 40, 41, 42
Tech Spec: Art. 3, 4, 5, 6, 7, 8, 12, 21, 26, 34, 40, 41, 42
Stores: Art. 1, 3, 4, 5, 6, 7, 8, 12, 15, 34, 36, 37, 40, 41, 42

There is a list all articles that have been TA'd on the TWU-ATD website: <http://aa.twu.org/> , these have language that you can go through and help you answer any questions related to those articles.

Please keep on sending your questions to: TA2010@twu514.org

We will be building a Q&A from these questions. The sooner we get the language complete. The sooner we will have answers to your questions.

The Fleet negotiations are scheduled for May 26th , 27th and 28th in Washington DC.

Thanks for your continued patients.
